# TURBINE BLOWER TB-230

◀ The Agrimeta I Turbine blower marks another chapter in Agrimeta I's long history of Turf Care Products. The new turbine is constructed with an Aluminum Cast Turbine Propeller, which is electronically balanced to provide years of trouble free service

◀ The Agrimeta I Turbine Blower is powered by a **KOHLER 23HP Pro-Command** gas engine.

◀ The unbreakable 90 degree air chute is made of a composite material with an exclusive oblong shape outlet

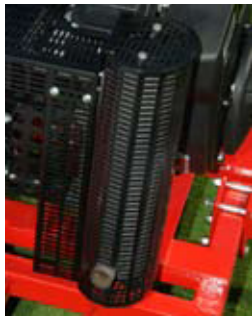

◀ Our enclosed Turbine air intake provides minimal intrusion of debris in the turbine chamber.

◀ Our fenders are constructed of steel with exclusive impact resistant bumpers to re-enforce the overall structure.

◀ The 6 gallon fuel tank allows you to get more done between fill ups.

◀ Our exclusive muffler design has stronger bracketing and a 1/8 inch larger diameter exhaust manifold. This provides a stronger, quieter overall operation.

◀ Angle indicator helps operation during chute rotation.

◀ The weather resistant wireless remote system provides no-delay throttle and chute control at your fingertips. Each wireless system operates on its own frequency, which allows multiple unit operation in close proximity.

SPECIFICATIONS	
ENGINE	23 HP - KOHLER COMMAND PRO
DRIVE	DIRECT
FAN DESIGN	AXIAL FLOW
FAN SIZE	14" DIAM.
N.O. OF FIN	25
CHUTE ROTATION	360 DEGREES
CHUTE OUTLET SIZE	OBLONG 9.5" X 14" (24CM X 35 CM)
UNBREAKABLE CHUTE	STANDARD
TIRE SIZE	18 X 9.50-8
GAS TANK CAPACITY	6 GALLONS
WIRELESS REMOTE CONTROL	STANDARD
LENGTH WITHOUT DRAW BAR	60" (152 CM)
LENGTH WITH DRAW BAR	104" (264 CM)
WIDTH	47" (119 CM)
HEIGHT	40" (101 CM)
MACHINE WEIGHT	500 LBS (220 KG)
SHIPPING WEIGHT	550 LBS (247.5 KG)
SHIPPING DIMENSION	50" X 50" X 46" (127CM X 127 CM X 117CM)

Specifications, descriptions, and illustrative material in this literature are as accurate as known at the time of publication, but are subject to change without notice. Illustrations may include optional equipment & accessories, and may not illustrate all standard equipment.

The Agrimeta I Turbine Blower is also offered on a skid mount for operation in a utility vehicle bed.
